The Progress and Safety of the Nation...An Educated Citizenship.

"Be ashamed to die until you have won some victory for humanity."—Mann.

The field where the foregoing sentiment may find its fullest fruition is in the schools of our land. The parents can and are hereby urged to aid in strengthening the hands of teachers, stimulating educational interest and arousing the community to a genuine and intelligent pride in the work of schools. If each patron will ask the following question of self, i. e.: "Am I doing what I can by word and act to promote the cause of education by fostering a better spirit toward leaders in the work by helping to train the youth to habits of obedience to delegated authorities, rather than be rebellious, and to help to educate the whole child," in preparing him not only to live, but to enjoy life. Let us first look at some fruits of education. Some one will say, I know a man without any education who has made a success, also a man with education who is a dismal failure. We will grant this, but know that each illustration is conspicuous for its rarity. Let us look at a striking example. Take the number of prison inmates and look at the overwhelmingly large percentage of illiterates in any prison, and then be bold enough to assert that education does not make a better citizen.

Craft and avarice, gold and iron can not rear a State, but when the Statehouse is the hearthstone, the safety of our nation is about to come and is assured. Help the State to progress by inculcating desires for learning and inspiring respect for teachers so that the teacher may do his best work, and by creating high aspirations. We should not only have high aspirations but also possess the courage to try to realize them; for as Emerson says: "That which befits us, embosomed in beauty and wonder as we are, is cheerfulness and courage, and the endeavor to realize our aspirations." It would appear to a close observer that most of us are too indulgent to ourselves and our children. Pestalozzi, the great educational reformer, said: "I see indulgence despoiling the highest moral, spiritual and civil interests, and sapping the life-blood of our race."

When this indulgence becomes so patent that parents and citizens permit the youth of our land to be deprived of that one good gift to all, whether rich or poor, another reformation is due. Shall we suffer a whim of the child or a criticism against some one, to shut the child from an education? Shall homelies, pleasures, feigned dislike of confinement, criticisms or any other creature separate the child from that possession, the accretion of which prepares and produces a well rounded man or woman fit for all the duties of life? The president-emeritus of Harvard University said in a recent lecture: The American public has more faith in education as a means to the wholesale improvement of human conditions than in any other agency. Let the citizens of Lincoln county and every other county show their belief in this proposition by entering heartily into the support of every educational enterprise. Will this not make for the progress and safety of our nation?

An educated citizenship prevents civic strife. Wars have ceased with the progress of education. Since we know that "civic strife can turn the happiest hearth into a grievous sore of self-tormenting earth," we are more anxious to increase educational pride and thus do away with civic strife. May the beams of mercy shine on every son and daughter of our old Commonwealth and community until all shall hail the educational millennium.

We may all get joy from our surroundings if we but make the best of them. Do not think that other towns are all better, that better conditions obtain elsewhere, and that far away schools are the best.

"For things far off we toil, while many a good Not sought, because too near, is never gained."

Cadise a plentitude of good feeling to permeate the place in which you live, give the best that's in you and the best will come back to you. Be as slow to criticize a fault as to praise a virtue not only in educational affairs but all civic affairs. Let each so live, act, educate, that the thoughts of our past years will breed in us perpetual benedictions. We do not claim that Stanford High School is the best in the State, but we do claim for it a superiority over many of its kind, and the citizens have made it possible by their hearty co-operation, which we sincerely hope will be continued.

Let no sons of Zermiah, or Ismaelish spirits attempt to destroy the effect of earnest workers for educational progress. In your estimates of work done by a teacher or any worker for public good, do not find fault until you have first found out something to find

fault with. In the words of a prominent writer, "anybody can find fault who has a small soul, a feeble wit and a bitter tongue. To judge truly, one must have a large soul, a trained mind, Catholic taste, a teachable disposition, a sweet reasonableness." These latter traits, we hope will be the characteristics of pupil and patron, teacher and trustee, not only in District No. 1, but in every district in Lincoln county.

The Stanford Graded and High School will open for work Monday, Sept. 6th, and we have better facilities than ever before. There is a teacher for every grade. There are three university graduates and others very capable. A high school teacher of five years' experience has been engaged. The county high school is coexistent with ours. This means that all the pupils in the county prepared for high school work with proper credentials are entitled to free tuition. About 16 names are already assured and others will follow. Vocal music and elocution will be taught as they were last year. Art will be made a special feature with Mrs. Catherine McClary, a lady of special talent and thorough preparation, as teacher. The use of color as a means of expression has come to be regarded by educators as an important factor in the development of the child's mental powers. This is not a mere fad or frill, but is a cultured subject of the highest type. Better results will come of other work as the child is skilled in art. It is useful as well as ornamental and all who can possibly do so should take up work in art. Parents and citizens are requested to visit the school at any time. It is the school of the people, by the people, for the people.

J. W. IRELAND, Supt.

HIGHLAND.

Fine weather for fruit drying. Sorghum making will soon begin. O. G. Speaks has brought in his threshers and is now putting up a new barn for himself.

H. Frank Horton and J. Wash Cook have both had quite a job cleaning out and rewalling their wells which caved in during the rains through the Spring.

Dave Young, who has been living near Nicholasville the past two or three years, has moved back to his mother's place here. Mauser Baugh, who went to Oklahoma in the early Spring, is back in his old Kentucky home. Misses Emma and Martha Meier visited their brother, Jake, at Somerset. Mr. and Mrs. Cyrus Gover, of Turnersville, were visitors at John Meier's Sunday. Mr. Oscar Huffman and family are visiting at Mr. J. M. Meier's. Miss Lula Newell, of Science Hill, spent several days with her cousin Miss Myrtle Berry. Master Clarence Young, of Nelson has been visiting his grandfather, J. S. Young. Mrs. M. O. Bryant and daughter, of Burnside, have been the guests of her mother, Mrs. Margaret Young. Mrs. Ora Foster and husband, of Linnie, gave us a call while en route to Stanford. Quite a number of our people took in the convention at Stanford Saturday while a number of others attended the sale of Mrs. Mattie James.

Resolutions of Respect.

KINGS MOUNTAIN TENT No. 111 K. O. T. M., Aug. 24.—Whereas it has pleased our Almighty God in His divine wisdom to remove from our midst our beloved brother, Sir Night James A. Engleman, therefore be it resolved

1st. That in the death of Sir Knight James A. Engleman this tent has lost a true and faithful member, and the community a good citizen.

2nd. That the sympathy and condolence of this tent be extended to the members of the bereaved family and friends, and that the charter of our tent be draped and the usual badge of mourning be worn for 30 days.

3rd. That a copy of these resolutions be spread on the minute book of our tent; also a copy of these resolutions be presented to the family of the deceased and a copy sent to the INTERIOR JOURNAL and Advocate for publication. S. B. Chevrolet, W. F. Lane, Wm. M. Meeks, committee.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

Gov. J. C. S. Blackburn's nephew confirmed the report that the former Senator from Kentucky had resigned as Governor of the Panama Canal Zone and that he would return to Kentucky and live on his farm in Woodford county.

For indigestion and all stomach trouble take Foley's Orino Laxative, as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. Sold by New Stanford Drug Co.

Harrisonburg, Va., voted "wet."

BRODHEAD.

James Owens was fined \$60 and Elihu Todd \$140 for selling whisky during fair week.

The new chairs at the Baptist church have been put up and the benches removed.

A. E. Albright had charge of the singing for the Tate's creek association which was held at Crab Orchard this week.

Miss Lillie Scott, a 16-year-old daughter of William Scott, of the Quail section, died of typhoid fever and was buried at Providence last Saturday.

Hiram Tanner, an unmarried man of near here, aged about 50, dropped dead Monday morning while in the woods sawing wood. He was buried in the Sayers burying ground Tuesday.

Dave Roberts, employed with the L. & N. fencing gang, while coming in from work a few nights ago, fell from his hand car and was very painfully hurt. Some ugly gashes were cut about his face.

Manager Owens, of the Hansford Telephone Co., informs us that the wires of the East Tennessee or Bell Telephone Co. now run into his company's switch board and subscribers with his company who wish to use the East Tennessee Co.'s lines for long distance purposes can do so at their homes instead of having to go to Robins' drug store, where the Bell Telephone Co.'s toll station has been since the wires were strung through this town.

For a while last Tuesday it looked like Brodhead was the county seat and circuit court was in session. Atty. S. D. Lewis and Judge Bethurum were here trying several cases, the first of which was an inquest or preliminary hearing in the murder of Bogue Phillips which occurred one night during fair last week. The jury returned a verdict that Bogue Phillips came to his death at the hands of O. W. Turpin and Henry Roberts, they using as weapons a knife or other sharp instrument and a club or blunt instrument of some kind.

The Brodhead fair is a thing of the past. The association claims to have had a better meeting this year than at any previous time. The attendance was larger and an increase in gate receipts. Most everybody seems well satisfied and are looking forward to another year. There were lots of visitors with us but too many to enumerate however, most of them have now returned to their homes. On the first day of the fair a horse jumped out of ring over fence, knocking Burton Owens, "Uncle Dock," down, breaking collar bone and bruising him up considerably. He is getting along nicely now. On the second day of the fair the "Ocean Wave," which was a no account affair any way, collapsed, hurting several who were riding upon it, among the number and the worse injured was little Miss Miller, daughter of Mrs. Mollie Miller, of Mt. Vernon. On the night of the second day Bogue Phillips was cut to death by one supposed to be O. W. Turpin. On last day of fair Robt. Bowman's horse while running in the plug race fell, throwing his owner head-long to the ground hurting him very much. Outside of these accidents and more drinking than was ever known here the fair was an enjoyable event.

OTTENHEIM.

Col. Kidd killed a large "hoot" owl that measured 4½ feet from tip to tip.

A German by the name of Spitzler bought a work horse of Mrs. Jane Coleman for \$40.

Tobacco cutting is in full blast and the majority of the farmers are well satisfied with the yield.

Walter James, who is a news boy, with headquarters at Richmond, spent last week with the homefolks.

Wm. Lawrence, of Harrodsburg, who is a brother-in-law of W. T. White, of this place, was visiting here last week.

A. J. Manuel, of Garrard, is with relatives in this section. He reports corn and tobacco above the average in that section.

There is a big show billed for our town Saturday, which means that the knob capital is rapidly improving. The prospect for a large crowd is good, as our people believe in patronizing home industry. Let Stanford give us a good crowd and see if we are not telling the truth.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Sold by New Stanford Drug Co.

Charles Robinson bought the Harrodsburg opera house for \$8,000. It cost \$19,000.

The little Candy Cold Cure Tablets called Preventives, will in a few hours safely check all Colds or LaGrippe. Try them! 48-25c. Sold by Penny's Drug Store.

NEWS NOTES.

George A. Park, aged 69, is dead at Irvine.

Democrats of Owensboro nominated Dr. S. Lambert for Mayor.

J. B. Robinson, the engineer, was killed in a wreck on the Pennsylvania road near Youngstown, O.

Two women were killed and five other persons were injured when an automobile was run down by a train at a Big Four crossing in Kankakee.

J. T. Myrick, a farmer and mill man, was shot from ambush and instantly killed while riding along the road from his home to his mill near Sayre, Ala.

A guest at the Stag Hotel, in Louisville, registering as Frank Pinner, of Ashville, N. C., was found dead in bed, the victim of laudanum poisoning.

The American Red Cross Society plans to issue 50,000,000 Christmas stamps this year. The society received over \$138,000 from the sales last Christmas.

Mrs. M. A. McPaul, aged 68 years, was killed and a granddaughter, Miss Williams, was seriously injured by a Southern railway passenger train east of Knoxville.

Judge Burdette in the circuit court at Charleston, W. Va., issued an injunction restraining the State and county officials from enforcing the two-cent fare law against the Norfolk and Western railroad. The court holds the law is unconstitutional and is confiscatory on its face.

Believing that an officer in uniform is handicapped in the effort to suppress violation of the prohibition law in Nashville, Mayor James S. Brown has instructed Chief of Police Henry Curran to order all patrolmen to lay aside uniforms until further notice and report in plain clothes.

In order that sheep may be received for exhibition at the State Fair and afterward be shipped out of the State, the Department of Agriculture has made the necessary modifications of the Federal quarantine regulations relating to sheep scab in Kentucky. The temporary unloading of sheep within the State when desirable also will be permitted.

The officials of the Indianapolis speedway, where five persons were killed during the auto races last week, have made important changes in contest rules. The most important one is that no driver in a long-distance race can continue more than 100 miles on a stretch, and that the driver must submit to a physical examination before re-entering the race.

Reduced Freight Rates to the Kentucky State Fair.

The Kentucky State Fair Management announces that it has secured a positive reduction in the switching charges into the Kentucky State Fair grounds on all kinds of freight, including live stock, from \$7 per car in and \$7 per car out, to \$3 per car in and \$3 per car out. They believe that in a short time they will be able to induce the railroads to absorb all the switching charges and, in fact, have the promise of some of the railroads to do so and are anxious that all exhibitors know that they will not have to pay such a high rate, even if they have to pay anything, as they paid last year.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely. It will cure you. Sold by New Stanford Drug Co.

Mrs. Pearl Creamer has filed suit at Bedford, Ind., against M. Basley, a former saloon keeper of Mitchell, and the American Surety Company, of New York, who were his bondsmen, for damages in the sum of \$2,000 for alleged injuries to her husband, caused by the defendant selling him liquor, on which, it is alleged, he became intoxicated and staggered into a passing train, being rendered a cripple for life.

It is the weak nerves that are crying out for help. Then help them, don't drug the stomach or stimulate the Heart or Kidneys. That is wrong. Vitalize these weak inside nerves with Dr. Shoop's Restorative and see how fast good health will come to you again. Test it and see. Sold by Penny's Drug Store.

Upon the request of the sheriff two companies of militia were sent from Natchez to Meadville, Miss., to prevent further fighting between the Newman and Pritchard factions. The sheriff said that he was unable to cope with the situation.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by Penny's Drug Store.

It is always the poor mothers who suffer most. Crazed over the verdict of the court martial of the young cadets, that her son killed himself, Mrs. Sutton says she will never let up till it is shown that he was murdered by the crowd he was with and that if necessary to secure a fair trial she will appeal to Congress. The verdict seems to be a parody on justice and shows that military courts are as bad as some of the civil tribunals for turning the guilty loose. How much any one will think that Harry Thaw is deserving of every thing he has gotten and more, the whole country regards with admiration the heroic fight his mother made to save his life and give him freedom. There is no earthly friend like a mother in her disinterested devotion. The wife may desert, the sister may grow callous, but the mother's love is like a well-spring of unceasing power. If youths generally could realize what a mother really is, they would strive to make her path easier and not, as so many of them do, bring her gray hairs in sorrow to the grave. We can have but one mother. Let those who still have them cherish and love them, never forgetting that she is the dearest friend this side of heaven.

We are monstrous glad to observe that Appellate Judge O'Rear has recovered and mounted the raging stump again for the tobacco pool. He had a long list of appointments, but when the row broke out between the Equity and the Burley Societies it made him so sick that he canceled them all. He did not want to be on the wrong side and thought it safer to get sick than go wrong. The row has been adjusted and like the cat when thrown in the air, the judge lands gracefully on his feet. When a man gets the gubernatorial bee to buzzing in his hat, he's got to be awfully particular which side he takes in controversies, if any, and the judge was wise in his day and generation by waiting till the clouds rolled by. Judge O'Rear may never be governor, and we are sure he will not, but he can still be a good judge and one of the shrewdest politicians in the State.

AFTER drinking some mineral water once, a man remarked that "it was too d-d technical for me." The same remark is applicable to a recent decision of Judge Garrett, of the Missouri Supreme Court, who held that a criminal conviction should be set aside because the word "the" had been omitted before the words "State of Missouri" in the indictment. This seems to be the limit of technicalities, by the aid of which so many criminals escape their deserts and which renders the administration of the law a farce. To a layman it seems that when a man is shown to be absolutely guilty as charged, no technicality should intervene in his behalf. But guilt seems to cut no figure when the technicalities are not observed. And that's why so many evil doers go unwhipped of justice and the law brought into odium.

A CASE marked "Fresh Eggs," arrived in New York from the West the other day, which on being opened, contained 14 little chicks with others hatching. If the eggs were not fresh, one thing can be said in their favor, they had not been in cold storage.

THE republicans and disgruntled democrats at Lexington have called a mass convention for the 30th to nominate a ticket. The disgruntled democrats are mainly those who withdrew from the primary because they saw that they were beaten and are acting more for spite than for the public good, as it is said that none of them except Judge Parker will get on the ballot. There are doubts whether Parker will permit his name to go under the log cabin after having held the office of circuit judge for 18 years on election by the democrats, but those who claim to know him best say that his desire to retain his job is greater than his party fealty or honor. If he should accept a republican nomination it will show that he was a democrat for office and revenue only and place him beneath decent consideration. We don't know the judge except by reputation, but we hope for the sake of his own good name that he will neither solicit nor accept a republican nomination, which, so far as we can hear, means his political damnation.

PRESIDENT TAFT is not following "my policies," as Roosevelt called 'em, in one, particular at least. The rough rider could not have too great an army or too many war ships. Mr. Taft is not so warlike. In fact he seems "as mild a mannered man as ever cut a throat or scuttled a ship," preferring golf to fighting and taking things easy to the strenuous life. All of which is introductory to the statement that he has just ordered a reduction of 8,000 men in the army and stopped other leaks in the interest of economy.

THE census bureau reports that 56 per cent. of the church members are women. Looking in on a city church congregation one would think the proportion of women a great deal larger. In fact if the church membership of men will represent the proportion of those who will enjoy the delights of the sweet bye-and-bye, there will not be enough of them, as Sam Jones used to say, to furnish bass for the heavenly choir.

WELLMAN only got 32 miles on his balloon trip to the North pole before the air ship collapsed. It was the third attempt, but he will continue to try again as long as the Chicago newspaper, which is putting up the money for the doubtful trip, as a means of advertising, which is a very costly and apparently a far from lucrative one.

Lutes Bros. Clear Their Skirts.

Will you be so kind as to give us space enough in your valued paper to defend the good name of our business, which we have labored so hard and faithfully to gain, that we may be able to retain the friendship and good will of those who have been so loyal to us? We noticed in your paper a piece written by a citizen from Turnersville regarding the annoyance the good citizens of our little village have had recently, claiming to be caused by the operation of a cream of hops stand, supposed to be in the vicinity of Turnersville. We wish to say to our good friends and patrons that we are not the operators of such a business. Our business is a general merchandising business strictly, and an up-to-date store full of all the necessities of life and is kept at all times in order so that no lady or gentleman need fear to enter; and rest assured that they will be treated in the most polite and genteel manner in every respect.

We are very thankful to those who have so liberally shared their patronage with us and trust that they will continue to remember us and not be misled by the false impression that we are engaged in some business not worthy of notice. Respectfully,

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheaply highly recommend.

OLYMPIAN SPRINGS water has done great work for Mr. George Cutsinger, of Anderson county. He had not been able to walk a step for a year but after a month's sojourn at Olympian he gets around on crutches first-rate. He is improving every day and thinks he will soon be entirely cured of rheumatism, from which he has suffered for many years.

KILLED HIMSELF.—James B. Carson, one of Casey's best business men and cleverest citizens, shot himself to death at his home near Phil Tuesday. He was a partner of Hon. F. P. Combust and was in splendid shape financially. Mr. Carson had been in bad health and was very dependent at times. He is survived by one brother, J. R. Carson, who travels for Flood & Co. The burial occurred at Antioch Wednesday.

I AM out of my office, not for pleasure but from necessity. For some time I have suffered from a nervous stomach trouble and my doctor prescribed absolute quiet and diet; and so I am at Battle Creek for a couple of weeks, after which I hope to return home well and ready for work. In my absence my office is in charge of a competent clerk, who will attend to all business promptly and properly. I trust none of my customers and friends will forget me, for if ever I needed them it is now. Gratefully, R. B. Mahony.

CASH.—After an illness of two weeks, Mrs. John F. Cash breathed her last at about 3 o'clock Tuesday evening. She was 63 years old and all of her life had been spent in Lincoln county. She was Miss Lucy Lewis and was married to the husband, who preceded her to the grave only a few months, nearly 40 years ago. For a long time Mrs. Lewis had been in feeble health and she went to Estill Springs with the hope of gaining health and strength, but grew weaker instead, and was brought back a very sick woman, from which illness she never rallied. Early in life she united with the Christian church and had since been a devout christian. She was a kind, sympathetic wife and mother and a friend in whom all confidence was reposed. She was a good woman and to know her was to love and admire her. Mrs. Cash is survived by two daughters, Mesdames J. W. Hagin and H. C. Baughman, one son, Mr. James N. Cash, and little granddaughter, Miss Catherine Harris. They have lost their best friend and every heart in this section goes out to them in this dark hour. The funeral services were held at the home of Mr. H. C. Baughman at 10 o'clock yesterday morning, after which the remains were laid to rest in Buffalo cemetery. Eld. H. C. Garrison, of Danville, and Rev. D. M. Walker, of this place, conducted the services and each spoke words that comforted the bleeding hearts. A large concourse of friends witnessed the last sad rites and the occasion was one of the saddest ever witnessed here. The Cash family has been passing under the rod of affliction for the past nine months, the father, mother and sister having been buried in that time. Previous to this, death had not entered the home.

BADGETT-DISHON.—T. F. Badgett, of the West End, and Miss Gracia Dishon, of near Stanford, surprised their friends by taking an early train Wednesday morning, Aug. 25th, to London fair and after arriving had the bridal knot tied by Rev. Jones. The bridal party consisted of Mrs. Dishon, mother of the bride, Miss Lucie O. Massey and Mr. Thurman Tudor. Miss

Massey, a cousin of the groom, was brides maid, while Mr. Tudor was best man. Mr. Badgett is a clever young farmer of his section, well liked by all who know him. He is to be congratulated on winning so pure and fair a helpmeet. Miss Dishon is a most excellent young lady, being very pretty and popular, and is loved most by those who know her best. Mr. and Mrs. Badgett will be at home to their friends near Hustonville after a tour of several weeks.

Governor Beckham wants Kentucky to embrace the privilege of placing in Statutory Hall in the Capitol at Washington the marble likenesses of Abraham Lincoln and Jefferson Davis. In closing his editorial upon the subject in a recent issue of the State Journal, he says: "Kentucky should, therefore, present these two sons as her representatives in the National Hall of Fame. It would illustrate, better than anything else, the fact that this is a reunited country; that the bitterness of sectional strife has passed away; that peace and friendship exist between the sections; and that the only memory we have of that unhappy conflict is the memory of valorous deeds and heroic men on both sides, a common heritage of renown and glory to every American citizen."

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by Penny's Drug Store.

To The Voters of Crab Orchard Magisterial District.

Mr. J. W. Moore having withdrawn, and being solicited by many taxpayers and voters of this magisterial district, I have against my inclination, decided to become a candidate for justice of the peace, subject to the action of the democratic party. If the people want me I will serve. I shall not make any canvass for the office as the emoluments do not justify it. If elected I will use my best endeavors to protect the taxpayers and the country.

R. H. BRONAUER.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Sold by New Stanford Drug Co.

Ira Frazier was killed by a C. and O. passenger train at Prestonburg. He stepped out from behind a coal car that was standing on a siding and the beam of the passenger engine struck him.

Pains of women, head pains, or any pain stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c box. Sold by Penny's Drug Store.

The State University,

Lexington, Ky.

The State University, Lexington, Ky., offers the following courses, namely: Agricultural, Mechanical Engineering, Civil Engineering, Electrical Engineering, Mining Engineering, Chemical and seven Scientific courses, each of which extends over four years and leads to a Bachelor's degree; also a Department of Law and a Department of Education, which last has been established instead of the Normal School. Persons who enter this department prepare for advanced work in pedagogy and are granted a Bachelor's degree in this subject when completed. The Academy for preparatory instruction is retained.

County appointees receive free tuition, privilege of residence in the dormitories, fuel and light, traveling expenses, if they remain in consecutive months, or one college year.

The laboratories and museum are large, well equipped, comprehensive and modern. Military Science is fully provided for as required by Congress.

The graduates in the several courses of study readily find employment with liberal remuneration. The total number of matriculates for last year was 1,078. Each department has a specialist at its head, with the necessary number of assistants.

Young women find an excellent home, with board and lodging in Patterson Hall, which is well equipped with all the modern conveniences, bathroom, hall for physical culture, at \$8 per week. All courses of study in the University are open to women on identical conditions with those applying to males.

The completion of the Agricultural, Mining Engineering, Laboratory and Education buildings afford ample and commodious quarters for these departments, which are rapidly increasing in the number of matriculates.

For catalogues, methods of obtaining appointments, information regarding courses of study and terms of admission, apply to

JAS. E. PATTERSON, Ph. D., LL. D., Pres., or to D. O. FRAZER, Business Agent.
